Extraction process

Refining is an extraction method that purifies oils by removing impurities and undesirable elements. It includes techniques such as degumming, neutralisation, bleaching, and deodorisation to enhance the quality, stability, and versatility of the oil for various applications.

The attached information is considered to be correct. Please be aware that detail can change and we encourage clients to update their technical records regularly via www.oand3.com/products/.

The information is not and should not be considered a guarantee or warranty, or a part of our contractual or other legal obligations. It is the ultimate responsibility of the client to pre-approve & assess the safety and suitability of the listed ingredient before use in any final formulations. We encourage carrying out additional tests if necessary. The information is not to be disclosed to others, reproduced or transmitted in whole or in part without permission from O&3.

Skin Benefits

Refined Sweet Almond Oil provides deep moisturization to the skin, leaving it soft and supple. Its nourishing properties help soothe dryness and irritation, while its conditioning effects improve the skin's texture. This oil is well-suited for a wide range of skincare products, delivering exceptional results and a luxurious feel. Incorporate it into your routine for its versatility and skin-loving benefits.

Functionality

Anti-Aging

Packed with antioxidants, it helps fight free radicals and reduce the signs of ageing. It promotes the production of collagen, improving skin elasticity and firmness, and diminishing the appearance of fine lines and wrinkles.

Moisturising & Hydrating

Deeply moisturising, helping to hydrate and nourish the skin and hair. It forms a protective barrier, preventing moisture loss and leaving the skin and hair feeling soft and supple.

Skin Tightening

Promotes skin elasticity and firmness, reducing the appearance of wrinkles. It helps maintain a youthful and lifted look by supporting collagen production, giving the skin a tighter and more toned feel.

Hair Benefits

Sweet Almond Oil is a versatile oil that benefits the hair in multiple ways. It provides deep hydration, nourishment, and conditioning, promoting smoothness, shine, and manageability. The oil's lightweight nature ensures it doesn't weigh the hair down, making it suitable for various hair types. Whether used as a standalone oil or as an ingredient in hair care formulations, Sweet Almond Oil helps achieve healthy and beautiful hair.

Easily-Absorbed

Quickly absorbs into the skin without leaving a greasy residue. Lightweight and ensures fast penetration, delivering essential nutrients and hydration for a smooth and nourished complexion.

Skin Brightening

Contains natural skin-brightening properties. It helps even out skin tone, reduce the appearance of dark spots and hyperpigmentation, and promote a more radiant complexion.
