Extraction process

Refining is an extraction method that purifies oils by removing impurities and undesirable elements. It includes techniques such as degumming, neutralisation, bleaching, and deodorisation to enhance the quality, stability, and versatility of the oil for various applications.

The attached information is considered to be correct. Please be aware that detail can change and we encourage clients to update their technical records regularly via www.oand3.com/products/.

The information is not and should not be considered a guarantee or warranty, or a part of our contractual or other legal obligations. It is the ultimate responsibility of the client to pre-approve & assess the safety and suitability of the listed ingredient before use in any final formulations. We encourage carrying out additional tests if necessary. The information is not to be disclosed to others, reproduced or transmitted in whole or in part without permission from O&3.

Skin Benefits

Almond (Sweet) EP9 Oil is a refined oil derived from sweet almonds. It offers various skin benefits, including moisturization and nourishment. The oil's lightweight texture allows for easy absorption into the skin, leaving it soft, supple, and hydrated. Almond (Sweet) EP9 Oil contains essential fatty acids, which help maintain the skin's natural moisture barrier, preventing dryness and promoting a healthy complexion. It also possesses emollient properties that soothe and calm the skin, reducing irritation and redness. Incorporate this refined oil into your skincare routine to enjoy its Moisturising and soothing effects.

Functionality

Anti-Aging

Packed with antioxidants, it helps fight free radicals and reduce the signs of ageing. It promotes the production of collagen, improving skin elasticity and firmness, and diminishing the appearance of fine lines and wrinkles.

Moisturising & Hydrating

Deeply moisturising, helping to hydrate and nourish the skin and hair. It forms a protective barrier, preventing moisture loss and leaving the skin and hair feeling soft and supple.

Skin Tightening

Promotes skin elasticity and firmness, reducing the appearance of wrinkles. It helps maintain a youthful and lifted look by supporting collagen production, giving the skin a tighter and more toned feel.

Hair Benefits

Almond (Sweet) EP9 Oil, Refined provides nourishing benefits for the hair. It is rich in essential fatty acids, vitamins, and minerals, which help Moisturise and condition the hair, promoting softness and smoothness. The oil helps to reduce dryness, improve manageability, and add shine to the hair. Incorporating this refined oil into your hair care routine can contribute to healthier, lustrous locks.

Easily-Absorbed

Quickly absorbs into the skin without leaving a greasy residue. Lightweight and ensures fast penetration, delivering essential nutrients and hydration for a smooth and nourished complexion.

Skin Brightening

Contains natural skin-brightening properties. It helps even out skin tone, reduce the appearance of dark spots and hyperpigmentation, and promote a more radiant complexion.
