Product Page Intro	Unearth the captivating allure of Bamboo Irradiated, Exfoliant and unveil nature's marvels for the skin! Bamboo Irradiated, Exfoliant is a gentle exfoliant made from finely ground bamboo particles that have been irradiated to ensure their safety and purity. It is a natural alternative to synthetic exfoliants and is suitable for all skin types, including sensitive skin. Bamboo Irradiated, Exfoliant effectively removes dead skin cells, unclogs pores, and smooths the skin's texture, leaving it feeling soft, radiant, and refreshed. It also helps to stimulate cell turnover, promoting the production of new collagen and elastin for a youthful appearance. It can be used as a scrub, incorporated into cleansing products, or added to mask formulations. Contact us today for a quote or order a sample and elevate your products with Bamboo Irradiated, Exfoliant.
Product Status	Pure
