# **Skin Benefits**

Organic Cardamom Essential Oil provides energising and uplifting effects. Its warm and spicy scent invigorates the senses and promotes a sense of vitality. Incorporate Organic Cardamom Essential Oil into your perfumes and aromatherapy formulations for its invigorating properties, while meeting organic standards.

#### **Hair Benefits**

Organic Cardamom Essential Oil offers similar benefits to regular Cardamom Essential Oil. It has a soothing effect on the scalp, helping to alleviate scalp irritation and discomfort. The organic variant ensures that the essential oil is derived from organically grown cardamom plants, reducing exposure to potentially harmful pesticides or chemicals. By incorporating Organic Cardamom Essential Oil into your hair care routine, you can enjoy the same benefits while opting for an organic and natural option.

# **Functionality**

# **Anti-Inflammatory**

Powerful anti-inflammatory properties help soothe and calm irritated skin, reducing redness and inflammation, whilst providing relief from discomfort and promoting a balanced complexion for healthier-looking skin.

#### Warming

Introduces a gentle warming sensation to the skin, providing a comforting and soothing effect. This property is ideal for products designed to promote relaxation, especially in massage oils or creams

#### **Antimicrobial**

With potent antimicrobial features, it effectively combats harmful microbes, preventing infections and promoting skin health. It supports a clean and clear complexion, safeguarding against unwanted bacteria.
