Skin Benefits

Cedarwood USA, Essential Oil is known for its grounding and calming properties. It can help promote a sense of balance and relaxation, reducing stress and tension. The oil's enchanting and sweet woody aroma creates a comforting and soothing atmosphere. Cedarwood USA, Essential Oil is often used in aromatherapy products, massage oils, and bath products to induce relaxation and create a peaceful environment. Additionally, the oil possesses insect-repellent properties, making it a natural choice for keeping insects away. It can be incorporated into personal care products such as soaps, candles, perfumes, and hair care products to add a delightful and woody scent.

Functionality

Anti-Inflammatory

Powerful anti-inflammatory properties help soothe and calm irritated skin, reducing redness and inflammation, whilst providing relief from discomfort and promoting a balanced complexion for healthier-looking skin.

Cleansing

Acts as a natural cleanser, effectively removing dirt, impurities, and excess oil from the skin and hair. It helps keep pores clean and clear, reducing the risk of acne and promoting a fresh, revitalised appearance.

Stress Relief

With its calming properties, it helps reduce stress and tension, which can have positive effects on the skin and overall well-being. Stress relief can also contribute to a more balanced complexion.

Hair Benefits

Cedarwood USA, Essential Oil can provide beneficial effects for the hair and scalp. Its grounding properties can help reduce scalp irritations and promote a balanced scalp environment. The oil's calming and relaxing effects can also help alleviate scalp discomfort and itching. Additionally, Cedarwood USA, Essential Oil has potential insect-repellent properties, which can help protect the hair from pests. It can be incorporated into hair care products such as shampoos, conditioners, and scalp treatments to enhance the health and appearance of the hair, as well as add a pleasant woody aroma.

Antimicrobial

With potent antimicrobial features, it effectively combats harmful microbes, preventing infections and promoting skin health. It supports a clean and clear complexion, safeguarding against unwanted bacteria.

Energising

Provides a boost of energy and revitalisation, helping to combat fatigue and lethargy. This can lead to a refreshed and invigorated appearance, both for the skin and hair.

Warming

Introduces a gentle warming sensation to the skin, providing a comforting and soothing effect. This property is ideal for products designed to promote relaxation, especially in massage oils or creams
