Skin Benefits

Chickweed, Infused in Sunflower Organic Oil is known for its soothing and calming properties. It can help alleviate skin irritations, reduce inflammation, and provide relief from itching and discomfort. The oil has a herbal aroma that adds a natural and earthy scent to personal care products. Chickweed, Infused in Sunflower Organic Oil is often used in facial serums, moisturisers, massage oils, soaps, body oils, balms, bath products, eczema treatments, and psoriasis treatments. It contains oleic acid, an omega-9 fatty acid, which contributes to its soothing and emollient effects. It is also rich in vitamin E and saponins, antioxidants that help protect the skin and promote skin healing. Chickweed, Infused in Sunflower Organic Oil is particularly beneficial for sensitive and irritated skin conditions.

Hair Benefits

Chickweed, Infused in Sunflower Organic Oil can provide soothing benefits for the hair and scalp. Its calming properties can help alleviate scalp irritations and provide relief from itching and discomfort. The oil's emollient and antioxidant effects can also contribute to maintaining a healthy scalp and promoting hair growth. Additionally, Chickweed, Infused in Sunflower Organic Oil has potential anti-inflammatory properties, which can help reduce scalp inflammation and redness. It can be incorporated into hair care products such as scalp treatments, balms, and oils to enhance the health and condition of the hair and scalp, as well as provide a herbal aroma.

Functionality

Anti-Inflammatory

Powerful anti-inflammatory properties help soothe and calm irritated skin, reducing redness and inflammation, whilst providing relief from discomfort and promoting a balanced complexion for healthier-looking skin.

Moisturising & Hydrating

Deeply moisturising, helping to hydrate and nourish the skin and hair. It forms a protective barrier, preventing moisture loss and leaving the skin and hair feeling soft and supple.

Healing & Soothing

With its anti-inflammatory properties, it soothes irritated and inflamed skin. It aids in the healing process, making it beneficial for conditions such as acne, eczema, and rosacea.
