Extraction process

Cold-pressed extraction is a method used to extract natural oils from various plant-based sources. It involves applying mechanical pressure to the source material without the use of heat or chemicals, resulting in a pure and unrefined oil.

Skin Benefits

Clementine Essential Oil offers an uplifting and energising aroma that can boost the mood and create a positive ambiance. It is commonly used in perfumes, candles, soaps, aromatherapy, skin care products, and hair care products. The oil has refreshing properties and can help invigorate the senses. Clementine Essential Oil contains various monoterpenes, including limonene, ?-pinene, ?-terpinene, and sabinene, which contribute to its characteristic citrusy scent and functional properties.

Hair Benefits

Clementine Essential Oil can help cleanse and refresh the scalp. Its uplifting aroma can also help uplift the mood and provide a sense of energy. Additionally, Clementine Essential Oil has potential antimicrobial properties, which can contribute to a healthy scalp environment. It can be incorporated into hair care products such as shampoos, conditioners, and scalp treatments to enhance the cleanliness and vitality of the hair and scalp.

Functionality

Anti-Inflammatory

Powerful anti-inflammatory properties help soothe and calm irritated skin, reducing redness and inflammation, whilst providing relief from discomfort and promoting a balanced complexion for healthier-looking skin.

Cooling

Provides a refreshing and cooling sensation to the skin, helping to alleviate heat and discomfort. Ideal for use in products designed to soothe sunburns or calm irritated skin.

Antioxidant

Rich in antioxidants, it shields the skin from environmental stressors, neutralising free radicals and promoting a youthful appearance. As well as enhancing skin resilience, reducing oxidative damage, and fostering a radiant, revitalised complexion.

Energising

Provides a boost of energy and revitalisation, helping to combat fatigue and lethargy. This can lead to a refreshed and invigorated appearance, both for the skin and hair.
