# **Extraction process**

Refining is an extraction method that purifies oils by removing impurities and undesirable elements. It includes techniques such as degumming, neutralisation, bleaching, and deodorisation to enhance the quality, stability, and versatility of the oil for various applications.

### **Skin Benefits**

Refined Coconut Oil (IBC) is a versatile oil used in various applications, including cooking, baking, skin care products, hair care products, and soap making. The oil has a neutral aroma and a lightweight texture, making it suitable for a wide range of formulations. Refined Coconut Oil is moisturising and emollient, helping to soften and smooth the skin. It is often used as a carrier oil for essential oils and as a hair conditioning agent. Additionally, it can be used as a makeup remover due to its gentle yet effective cleansing properties.

### **Hair Benefits**

Refined Coconut Oil (IBC) can provide moisturising benefits to the hair and scalp. Its emollient properties help to soften and condition the hair, reducing dryness and improving manageability. Additionally, Refined Coconut Oil (IBC) can be used as a carrier oil for other hair care ingredients, enhancing their effectiveness. It can be incorporated into hair care products such as moisturisers, serums, hair oils, and leave-in treatments to nourish and hydrate the hair strands.

# **Functionality**

#### **Anti-Inflammatory**

Powerful anti-inflammatory properties help soothe and calm irritated skin, reducing redness and inflammation, whilst providing relief from discomfort and promoting a balanced complexion for healthier-looking skin.

#### **Easily-Absorbed**

Quickly absorbs into the skin without leaving a greasy residue. Lightweight and ensures fast penetration, delivering essential nutrients and hydration for a smooth and nourished complexion.

### **Moisturising & Hydrating**

Deeply moisturising, helping to hydrate and nourish the skin and hair. It forms a protective barrier, preventing moisture loss and leaving the skin and hair feeling soft and supple.

#### Cleansing

Acts as a natural cleanser, effectively removing dirt, impurities, and excess oil from the skin and hair. It helps keep pores clean and clear, reducing the risk of acne and promoting a fresh, revitalised appearance.

#### **Emollient**

Softens and smooths the skin, creating a protective barrier that locks in moisture. It is particularly beneficial for dry, rough, and chapped skin, providing deep hydration and improving the skin's texture.

#### **Skin Tightening**

Promotes skin elasticity and firmness, reducing the appearance of wrinkles. It helps maintain a youthful and lifted look by supporting collagen production, giving the skin a tighter and more toned feel.
