Clear, Light Yellow

## Skin Benefits

Fir Needle Essential Oil offers a fresh and balsamic aroma. It has a clear color and is commonly used in perfumes, aromatherapy, massage oils, bath products, and hair care products. Fir Needle Essential Oil provides an uplifting and invigorating experience, promoting a sense of vitality and respiratory well-being. It is known for its respiratory support properties and can be used in formulations targeting congestion and breathing comfort. The oil contains borneol and limonene, among other components, which contribute to its distinctive aroma. Fir Needle Essential Oil is also used in skin care formulations to provide a refreshing and rejuvenating sensation.

## Functionality

## Hair Benefits

Fir Needle Essential Oil can add a refreshing and invigorating touch to hair care products. Its energising properties create a revitalising and stimulating experience for the scalp. Additionally, the fresh and balsamic aroma of Fir Needle Essential Oil adds a pleasant scent to hair care formulations. It can be incorporated into shampoos, conditioners, hair oils, and scalp treatments to enhance the sensory experience and provide a unique fragrance to the hair.

### **Anti-Inflammatory**

Powerful anti-inflammatory properties help soothe and calm irritated skin, reducing redness and inflammation, whilst providing relief from discomfort and promoting a balanced complexion for healthier-looking skin.

### **Energising**

Provides a boost of energy and revitalisation, helping to combat fatigue and lethargy. This can lead to a refreshed and invigorated appearance, both for the skin and hair.

### **Antimicrobial**

With potent antimicrobial features, it effectively combats harmful microbes, preventing infections and promoting skin health. It supports a clean and clear complexion, safeguarding against unwanted bacteria.

### **Warming**

Introduces a gentle warming sensation to the skin, providing a comforting and soothing effect. This property is ideal for products designed to promote relaxation, especially in massage oils or creams
