Skin Benefits

Deodorised Garlic Oil offers a concentrated and deodorised garlic aroma. It has a pale yellow color and is commonly used in skin care products, hair care products, massage oils, bath products, and oral care products. Deodorised Garlic Oil provides purifying and conditioning benefits. It is known for its deodorizing properties and can help neutralise odors. The oil is derived from garlic and has been processed to remove the strong pungent odor typically associated with raw garlic. Deodorised Garlic Oil can be incorporated into various personal care formulations to harness its beneficial properties without the overpowering scent of raw garlic.

Hair Benefits

Deodorised Garlic Oil can be beneficial for hair care. Its purifying and conditioning properties help promote a healthy scalp and hair. Additionally, the deodorised garlic aroma of Deodorised Garlic Oil provides a subtle and refreshing scent to hair care formulations. It can be incorporated into shampoos, hair masks, and scalp treatments to cleanse, condition, and invigorate the hair and scalp.

Functionality

Antimicrobial

With potent antimicrobial features, it effectively combats harmful microbes, preventing infections and promoting skin health. It supports a clean and clear complexion, safeguarding against unwanted bacteria.

Warming

Introduces a gentle warming sensation to the skin, providing a comforting and soothing effect. This property is ideal for products designed to promote relaxation, especially in massage oils or creams
