Skin Benefits

Gotu Kola Leaf Extract offers soothing and rejuvenating properties with an earthy, herbal aroma and a brown color. It is commonly used in skincare and haircare products. Gotu Kola Leaf Extract provides soothing benefits to the skin, helping to calm irritation and promote a balanced complexion. It also has rejuvenating and anti-aging properties, helping to improve the appearance of fine lines and wrinkles. Additionally, Gotu Kola Leaf Extract is known to boost collagen production, supporting skin elasticity and firmness. The extract contains polyphenols, natural compounds that contribute to its beneficial properties. Gotu Kola Leaf Extract can be incorporated into various skincare and haircare formulations to harness its soothing and rejuvenating benefits.

Hair Benefits

Gotu Kola Leaf Extract can be beneficial for hair care. Its soothing and rejuvenating properties help promote a healthy scalp and hair. Additionally, Gotu Kola Leaf Extract supports collagen production, which can contribute to stronger and healthier hair strands. It can be incorporated into hair tonics, serums, and masks to promote a balanced scalp, improve hair texture, and support overall hair health.

Functionality

Anti-Aging

Packed with antioxidants, it helps fight free radicals and reduce the signs of ageing. It promotes the production of collagen, improving skin elasticity and firmness, and diminishing the appearance of fine lines and wrinkles.

Regenerative

Promotes the regeneration of skin cells, aiding in the healing of wounds, scars, and skin damage. It helps accelerate the skin's natural renewal process, leading to a smoother and more youthful appearance.

Anti-Inflammatory

Powerful anti-inflammatory properties help soothe and calm irritated skin, reducing redness and inflammation, whilst providing relief from discomfort and promoting a balanced complexion for healthier-looking skin.

Scar Healing

Aids in the healing and fading of scars, whether they are from acne, wounds, or other skin injuries. It helps promote the regeneration of skin cells, leading to a smoother and less visible scar over time.
