VEGAN

CRUELTY-FREE

ZERO WASTE

### What can it be used in?

Body Butter	Body Care
Body Lotion	Body Oil
Body Wash	Foot Cream
Hair Care	Hair Oil
Hand Cream	Scalp Treatment

**Product code**  
K0225

**INCI Listing**  
Cannabis Sativa Seed Oil

**Manufacturing Method**  
Cold Pressed

**CAS Number**  
89958-21-4

**Origin**  
China  
Netherlands

**EINCS**  
289-644-3

**Scent**  
Characteristic, Nutty

**Customs Tariff Code**  
1515 9059 00

**Colour**  
Gold-Yellow, Light Green

### Extraction process

Cold-pressed extraction is a method used to extract natural oils from various plant-based sources. It involves applying mechanical pressure to the source material without the use of heat or chemicals, resulting in a pure and unrefined oil.

### Skin Benefits

Cold Pressed Hemp Seed Oil is known for its nourishing and moisturising properties. It deeply hydrates the skin, leaving it soft, supple, and Revitalised. The oil's essential fatty acids provide nourishment and support the skin's natural barrier function. Cold pressing ensures that the oil retains its natural nutrients and benefits. It can be used in face oils, serums, body oils, and other skincare products to provide hydration, promote skin vitality, and improve the overall texture and appearance of the skin.

### Hair Benefits

Cold Pressed Hemp Seed Oil can also benefit the hair by providing nourishment and moisture. It helps hydrate and soften the hair strands, reducing dryness and improving manageability. Incorporating Cold Pressed Hemp Seed Oil into hair oils, serums, and other hair care products can promote healthier-looking hair, enhance shine, and contribute to a Revitalised and vibrant hair appearance.

### Functionality

The attached information is considered to be correct. Please be aware that detail can change and we encourage clients to update their technical records regularly via [www.oand3.com/products/](http://www.oand3.com/products/).

The information is not and should not be considered a guarantee or warranty, or a part of our contractual or other legal obligations. It is the ultimate responsibility of the client to pre-approve & assess the safety and suitability of the listed ingredient before use in any final formulations. We encourage carrying out additional tests if necessary. The information is not to be disclosed to others, reproduced or transmitted in whole or in part without permission from O&3.

### **Anti-Aging**

Packed with antioxidants, it helps fight free radicals and reduce the signs of ageing. It promotes the production of collagen, improving skin elasticity and firmness, and diminishing the appearance of fine lines and wrinkles.

### **Easily-Absorbed**

Quickly absorbs into the skin without leaving a greasy residue. Lightweight and ensures fast penetration, delivering essential nutrients and hydration for a smooth and nourished complexion.

### **Moisturising & Hydrating**

Deeply moisturising, helping to hydrate and nourish the skin and hair. It forms a protective barrier, preventing moisture loss and leaving the skin and hair feeling soft and supple.

### **Anti-Inflammatory**

Powerful anti-inflammatory properties help soothe and calm irritated skin, reducing redness and inflammation, whilst providing relief from discomfort and promoting a balanced complexion for healthier-looking skin.

### **Emollient**

Softens and smooths the skin, creating a protective barrier that locks in moisture. It is particularly beneficial for dry, rough, and chapped skin, providing deep hydration and improving the skin's texture.
