Skin Benefits

Jasmine Water carries a delicate floral aroma that Revitalises the senses and provides a soothing sensation on the skin. It is commonly used in facial toners, mists, and skin care products to refresh and soothe the skin, leaving it feeling revived and rejuvenated.

Hair Benefits

Jasmine Water can provide a refreshing and aromatic experience for the hair. Its delicate floral scent can invigorate the senses and leave the hair smelling delightful. Incorporating Jasmine Water into hair mists, leave-in conditioners, and hair perfumes can add a touch of fragrance and freshness to the hair.

Functionality

The attached information is considered to be correct. Please be aware that detail can change and we encourage clients to update their technical records regularly via www.oand3.com/products/.

The information is not and should not be considered a guarantee or warranty, or a part of our contractual or other legal obligations. It is the ultimate responsibility of the client to pre-approve & assess the safety and suitability of the listed ingredient before use in any final formulations. We encourage carrying out additional tests if necessary. The information is not to be disclosed to others, reproduced or transmitted in whole or in part without permission from O&3.

Anti-Inflammatory

Powerful anti-inflammatory properties help soothe and calm irritated skin, reducing redness and inflammation, whilst providing relief from discomfort and promoting a balanced complexion for healthier-looking skin.

Moisturising & Hydrating

Deeply moisturising, helping to hydrate and nourish the skin and hair. It forms a protective barrier, preventing moisture loss and leaving the skin and hair feeling soft and supple.
