Parabens Status	O&3 can confirm that Olive BP73 Oil, Refined is free from Parabens.
Product Page Intro	Introducing Olive BP73 Oil, Refined - We provide an extensive selection of olive oils, so make sure to explore our range and inform us of your preferences. For generations, people from the Mediterranean have been using it directly on their skin to provide the necessary moisture for their sun-kissed skin. It serves as an excellent ingredient in skincare formulations or can be used on its own. However, when applied solo, it may leave the skin slightly oily, so we suggest incorporating it into skincare blends. As well as its rich fatty acid composition, olive oil contains three key antioxidants that contribute to the maintenance of skin and hair health, leaving them smooth and strong. This material is according to the BP73 monograph specification, which does not include sterol analysis. If you need full sterol analysis, please see Olive EP Oil, Refined (K0313). This grade is specifically for cosmetic application. Whether you seek transformation through skincare or haircare, request a quotation or order a sample, and embrace the essence of nature within your formulations!
Product Status	Pure & Natural.
Pyrrolizidine Alkaloids Status	O&3 can confirm that Olive BP73 Oil, Refined is free from any Pyrrolizidine Alkaloids.
REACH Status	O&3 can confirm that Olive BP73 Oil, Refined supplied is exempt as per Annex IV & V according to EU regulations 1907/2006. This product is not chemically modified, it comes under derogation pursuant to EU regulation 987/2008, Annex II, #9. Hence registration is not required for this product. We can also confirm that none of the substances on the SVHC candidate list can be verified in a concentration of >0.1% in our product.
