Skin Benefits

Olive Stones Exfoliant is known for its gentle exfoliating action, making it beneficial for removing dead skin cells and revealing a smoother and more radiant complexion. It helps improve skin texture, promote cell turnover, and enhance the absorption of other skincare products. Olive Stones Exfoliant can be used in facial scrubs, masks, or cleansers to provide a revitalising and renewing effect on the skin.

Hair Benefits

Olive Stones Exfoliant can be used in hair care products as a scalp exfoliant. It can help remove buildup, unclog hair follicles, and promote a healthy scalp environment. Olive Stones Exfoliant can be added to scalp scrubs or cleansers to provide a gentle exfoliation and improve the overall health and cleanliness of the scalp. While not primarily known for its specific hair benefits, Olive Stones Exfoliant's exfoliating properties can indirectly support scalp health by removing impurities and allowing for better absorption of scalp treatments.

Functionality

Cleansing

Acts as a natural cleanser, effectively removing dirt, impurities, and excess oil from the skin and hair. It helps keep pores clean and clear, reducing the risk of acne and promoting a fresh, revitalised appearance.

Exfoliating

Gently removes dead skin cells from the surface, promoting a smoother and more radiant complexion. It unclogs pores, reduces the appearance of blackheads and whiteheads, and enhances the skin's natural renewal process.
