Extraction process

Refining is an extraction method that purifies oils by removing impurities and undesirable elements. It includes techniques such as degumming, neutralisation, bleaching, and deodorisation to enhance the quality, stability, and versatility of the oil for various applications.

Skin Benefits

Organic Refined Palm Oil is known for its emollient and moisturising properties, making it beneficial for skincare and hair care formulations. It can help soften the skin, improve moisture retention, and provide nourishment. Organic Refined Palm Oil is commonly used in creams, lotions, soaps, or hair oils to enhance hydration and promote healthy skin and hair. The oil's smooth texture and mild aroma add a comforting touch to various products.

Hair Benefits

Organic Refined Palm Oil can be used in hair care products as an emollient and moisturising ingredient. Its nourishing properties can help condition the hair, reduce frizz, and improve manageability. The oil can be added to hair oils, serums, or leave-in treatments to provide hydration and improve the overall health and appearance of the hair. While not primarily known for its specific scalp benefits, Organic Refined Palm Oil's overall moisturising properties can indirectly support scalp health by providing nourishment to the hair follicles and maintaining a balanced scalp environment.

Functionality

Anti-Aging

Packed with antioxidants, it helps fight free radicals and reduce the signs of ageing. It promotes the production of collagen, improving skin elasticity and firmness, and diminishing the appearance of fine lines and wrinkles.

Easily-Absorbed

Quickly absorbs into the skin without leaving a greasy residue. Lightweight and ensures fast penetration, delivering essential nutrients and hydration for a smooth and nourished complexion.

Cleansing

Acts as a natural cleanser, effectively removing dirt, impurities, and excess oil from the skin and hair. It helps keep pores clean and clear, reducing the risk of acne and promoting a fresh, revitalised appearance.

Moisturising & Hydrating

Deeply moisturising, helping to hydrate and nourish the skin and hair. It forms a protective barrier, preventing moisture loss and leaving the skin and hair feeling soft and supple.
