Product Page Intro	Introducing Peppermint, Water (Hydrosol), a water-based product made by distilling the leaves of the Peppermint plant. It has a delicate, menthol aroma and is a refreshing alternative to Peppermint Essential Oil. Peppermint Hydrosol has a variety of benefits. It is known to have anti-inflammatory, antibacterial, and antifungal properties and is also used to treat a variety of skin conditions, including acne and eczema. In addition, Peppermint Hydrosol is also used in aromatherapy as it is known to have a calming and invigorating effect on the mind and body. Peppermint Hydrosol can be sprayed directly on the skin, added to a carrier oil for massage, or used in skincare and hair care products. Try Peppermint, Water (Hydrosol) in your formulations today and request a quote or order a sample now.
Product Status	Pure
