Product Page Intro	Unearth the captivating allure of Rosemary Water (Hydrolat), a fragrant and refreshing hydrosol obtained as a by-product of the steam distillation process used to extract rosemary essential oil. Rosemary Hydrolat is gentler than rosemary essential oil and is suitable for all skin types, including sensitive skin. It can be used as in toner, facial mist, and hair rinse formulations, as its refreshing properties help revitalise the skin and leave a pleasant scent. Rosemary Hydrolat's antioxidant and anti-inflammatory properties make it beneficial for soothing irritated skin, reducing redness, and promoting healing and it can also be used to balance sebum production and help control acne breakouts. Whether you seek transformation through skincare or haircare, request a quotation or order a sample, and embrace the essence of nature within your formulations!
Product Status	Pure & Natural.
Pyrrolizidine Alkaloids Status	O&3 can confirm that Rosemary, Water (Hydrolat) is free from any Pyrrolizidine Alkaloids.
