Off-White

Skin Benefits

Elevate your formulations with Soya 800 (Non-GM) Wax. This wax provides structure and consistency, enhancing the texture of your products. Incorporate the natural benefits of non-GMO soya wax into your formulations.

Functionality

Candle Making

Crafting candles allows brands to personalise products with various scents, colours, and shapes, creating formulations suited to a range of consumer-bases.

Hair Benefits

Enhance the texture and performance of your haircare products with Soya 800 (Non GM) Wax. This non-genetically modified wax offers a sustainable and reliable solution, providing structure and stability to your formulations. Embrace the natural and eco-friendly benefits of Soya 800 Wax in your haircare creations.

Regenerative

Promotes the regeneration of skin cells, aiding in the healing of wounds, scars, and skin damage. It helps accelerate the skin's natural renewal process, leading to a smoother and more youthful appearance.

Skin Brightening

Contains natural skin-brightening properties. It helps even out skin tone, reduce the appearance of dark spots and hyperpigmentation, and promote a more radiant complexion.

Skin Tightening

Promotes skin elasticity and firmness, reducing the appearance of wrinkles. It helps maintain a youthful and lifted look by supporting collagen production, giving the skin a tighter and more toned feel.
