Product Page Intro	Introducing Soya (Eco C3), Wax, offering a sustainable alternative to traditional waxes. A popular base for most candle manufacturers, there is good reason for this. Soya Eco Wax C3 (Nature Wax C3) burns at lower temperatures in comparison to traditional candle base waxes. This allows your candle formulation to be more robust and burn for longer. It serves a great base to allow you to add whatever fragrance/aroma you require, it can carry pretty much any scent giving you increased flexibility. This product is totally bio-degradable and produced very naturally using 100% non genetically modified Soyabean oil. It also comes in flake format, making it very easy to measure. If you are looking to start a candle range this would be our N0.1 base recommendation as you can use this base and create a wide variety of candles. Keeps things nice and straightforward! Embrace the eco-conscious choice of Soya (Eco C3), Wax and experience the benefits of a natural candle wax. Order a sample or request a quote today!
Product Status	Pure & Natural.
Pyrrolizidine Alkaloids Status	O&3 can confirm that Soya (Eco C3), Wax is free from any Pyrrolizidine Alkaloids.
REACH Status	O&3 can confirm that Soya (Eco C3), Wax supplied is exempt as per Annex IV & V according to EU regulations 1907/2006. This product is not chemically modified, it comes under derogation pursuant to EU regulation 987/2008, Annex II, #9. Hence registration is not required for this product.
