Product Page Intro	Introducing Soyabean Oil (Non GM), Refined, with a long history dating back thousands of years. Soybeans were introduced to Europe and North America in the 18th and 19th centuries, and soybean oil gained popularity as a cooking oil in the United States during the early 20th century. Today, it is one of the most widely consumed vegetable oils globally. In cosmetics, Soyabean Oil is an excellent source of essential fatty acids, including omega-3 and omega-6 fatty acids - these fatty acids are important for maintaining healthy skin and hair. It is also a good source of vitamin E, an antioxidant that helps to protect the skin from damage caused by free radicals. Elevate products with this exceptional ingredient, infusing them with the essence of tradition and modern functionality. Request a quote or secure a sample now!
Product Status	Pure & Natural.
Pyrrolizidine Alkaloids Status	O&3 can confirm that Soyabean Oil (Identity Preserved/non GM), Refined is free from any Pyrrolizidine Alkaloids.
