Skin Benefits

Commercial wintergreen essential oil has a sweet and minty aroma that provides a cooling and soothing sensation. It has analgesic and anti-inflammatory properties and is commonly used for its pain-relieving effects. Wintergreen oil also has antimicrobial properties, making it beneficial for skin conditions and infections. It is often used in topical products for its refreshing scent and therapeutic benefits.

Hair Benefits

Wintergreen essential oil can provide a cooling and soothing effect on the scalp and may help alleviate scalp irritation or discomfort.

Functionality

The attached information is considered to be correct. Please be aware that detail can change and we encourage clients to update their technical records regularly via www.oand3.com/products/.

The information is not and should not be considered a guarantee or warranty, or a part of our contractual or other legal obligations. It is the ultimate responsibility of the client to pre-approve & assess the safety and suitability of the listed ingredient before use in any final formulations. We encourage carrying out additional tests if necessary. The information is not to be disclosed to others, reproduced or transmitted in whole or in part without permission from O&3.

Anti-Inflammatory

Powerful anti-inflammatory properties help soothe and calm irritated skin, reducing redness and inflammation, whilst providing relief from discomfort and promoting a balanced complexion for healthier-looking skin.

Cooling

Provides a refreshing and cooling sensation to the skin, helping to alleviate heat and discomfort. Ideal for use in products designed to soothe sunburns or calm irritated skin.
